OLYMPIC SAILS AHEAD.

200 PASSENGERS LEFT AMOURE.

An extraordinary incident occurred at
Queensdown on Sept. 23, when the White
Star liner Olympic arrived off the port, but
failed to call and embark the 200 first,
second, and third class passengers, and
147 sacks of mails for New York awaiting
her, and proceeded to America without
them.

When the Olympic anchored off the
mouth of the harbour three tenders, with
the passengers and sacks of mails, left to
transfer them to the huge transhipper. When
they reached the line, however, it was
found that it would be dangerous to attempt
to transfer the passengers and mails owing
to a heavy swell. The tenders accordingly
went inside Roche's Point, where the sea
was smooth, but the captain of the Olympic
declined to take in the vessel on the ground
that her safety would be endangered by
entering the bay, and after the tenders had
been waiting for about two hours they
returned to Queensdown.

Subsequently Messrs. Scott and Co., and
local agents of the White Star Line, arranged
that instructions had been given from
Liverpool that if the passengers and
mails could not be embarked before dark
Captain Haddock could use his own discretion
whether or not to proceed to New York.
Meanwhile the Olympic was off the
Daunt's Rock Lightship, too far out to
embark the mails. Captain Haddock decided
to start immediately for New York, and
the passengers and mails were left at
Queensdown.

An indignation meeting of the saloon
and second class passengers was intended
embarking on the liner was held at Queens-
town. Senator Clark occupied the chair.
A resolution was proposed by Judge
Cohalan, of New York, and seconded by
Mr. Michael Sullivan, artist, of Oakland,
Calif. read, protesting against the action of
the captain of the Olympic in not coming
into Queensdown to embark the passengers,
and a communication was wired from the
meeting to the White Star Company at
Liverpool and London demanding that the
ship be detained at Queensdown, and that
proper facilities be afforded to the passen-
gers to embark on the vessel.

"The action of Captain Haddock," said
an official of the White Star Company
"was justified. He considered there was
the slightest danger to the great liner,
notwithstanding the breaking of Post Office
contracts and inconvenience to passengers
on land, his conduct was correct. Only
recently Canadiana have not gone into
port, and this incident bears out the view
of some officials of that company that
Queensdown is a suitable port for
these great vessels." The Olympic
made her maiden trip in September, 1911,
when she collided, it will be recalled, with
his Majesty's ship Hawke in Southampton
Water, and was damaged. She is 882ft.
long and has a draught of 92ft., only a
little less than the Titanic.

The Olympic passed the Daunt's Rock
Lightship at 7 p.m., proceeding on her
western voyage. Arrangements were made
by the White Star Company to embark
the passengers and mails left behind on
the Adriatic the next day. Senator Clark, of
Montana, who had booked a saloon passage
on the Olympic, expressed himself very
warmly on the failure of the liner to em-
bark the Queensdown passengers. He said
that he had important engagements to fulfil
in the United States which he could not
now meet, and moreover his baggage was
put on board the Olympic at Liverpool. He
and his fellow-passengers, he said, could
see no reason why the captain of the
Olympic could not have brought in his ship
about another half mile, when he would
have been in perfectly calm water, and the
embarkation could easily have taken place.

DIPHTHERIA—HOW IT MAY BE AVOIDED.

DIPHTHERIA is usually contracted
when the child has a cold. The cold
irritates the child's system for the recep-
tion and development of the diphtheria
germ. When there are cases of diphtheria
in the neighborhood children that have
colds should be kept at home and off the
street until recovered. Give them Cham-
berlain's Cough Remedy and they will not
have to remain at home long. It also cleans
out the culture of diphtheria germ in a
child's throat, when it has a cold, and
minimizes the risk of contracting infectious
diseases. For sale by all Chemists and
Druggists.

There is great dissatisfaction in coal-

mining and other circles owing to the

shortage of railway rolling-stock. The

Transvaal coal-owners estimate that they

have lost trade during August at the

rate of 750,000 tons per annum. The

Natal coal-owners have a similar com-

plaint, and maintain that the new low

coal rate which comes into force in Oc-

tober, under which coal can be carried

from the Transvaal collieries to Cape

Town, a distance of 1,050 miles, for

about 14s. a ton, is a gross injustice to

Natal; they being charged 5s. 8d. per

ton for a distance of 240 miles only.

The effect of this new rate will be to

create a further shortage of rolling-stock,

as the round trip of a truck to Cape

Town is from eighteen to twenty-four

days, against three to five days on the

Natal system.

The railway authorities admit having

ordered fifty 50-ton hopper, due this

month; 2,510 trucks suitable for coal

and general traffic; 500 cattle trucks,

500 small trucks for sheep, all suitable

for coal and general traffic; and 190 mi-

cellaneous trucks; total, 3,650. But al-

though approximately 700 of these will

be placed in traffic before the end of the

year, there appears little prospect of

real relief in the immediate future. The

demand for trucks for the maize crops,

although less than usual, has now begun,

and will further accentuate the position.

It is known that during the last three

months the colliery companies and ship-

pers have paid £10,000 demurrage claims

on cargo steamers whose delays could

not be justified.

SOUTH AFRICA'S TRADE.

A Warning to Britain.

There has come into our midst a
strong petrel of commerce from Ame-
rica bent on diverting Great Britain's
trade with South Africa, unless the King's
injection "Wake up, England!" is re-
sponded to with more vigour and enthu-
siasm commercially. Something bold
will have to be done if British merchants
are at all anxious to retain what trade
they are doing with South Africa, writes
the Johannesburg correspondent of the
Daily Telegraph.

The special agent of the United States
Department of Commerce at Washington
is making an extensive tour for the pur-
pose of studying and reporting to his
Government on the cotton goods market
of the countries of the world. From
Johannesburg he will go to Cape Town
to pursue his investigations relating to
South Africa. Then he will sail for
Australia. The results of the agent's
trips investigations in South Africa will
be published by the American Depart-
ment of Commerce in the United States
graph, which will be distributed among
the cotton manufacturers of the United
States.

OPENING UP MARKETS.

Mr. Odell is only one of half-a-dozen
agents despatched around the world by
the Department of Commerce in order
to supplement everywhere the work of
the Consuls in sending home information
likely to be of value to American mer-
chants in expanding old markets and
opening up new ones. Mr. Odell says
the East Coast of Africa is one of Ame-
rica's best customers for cotton goods,
about 80 per cent. of the stuff used
coming from there. Mining and agri-
cultural machinery are also rapidly being
imported from the United States, and
there is also a considerable and growing
direct export of such things as hides,
wool, and cattle bark. He further an-
ticipates a large increase in wool im-
ports from South Africa resulting from
the new tariff, which places raw wool
on the free list.

United States trade with South Africa
dropped that of Germany in 1912. Ame-
rican enterprise is in the ascendant, so
much so that unless British merchants
and manufacturers hustle more they will
get gradually left behind.

RAILWAY DEFICITS.

There is great dissatisfaction in coal-
mining and other circles owing to the
shortage of railway rolling-stock. The
Transvaal coal-owners estimate that they
have lost trade during August at the
rate of 750,000 tons per annum. The
Natal coal-owners have a similar com-
plaint, and maintain that the new low
coal rate which comes into force in Oc-
tober, under which coal can be carried
from the Transvaal collieries to Cape
Town, a distance of 1,050 miles, for
about 14s. a ton, is a gross injustice to
Natal; they being charged 5s. 8d. per
ton for a distance of 240 miles only.

The effect of this new rate will be to
create a further shortage of rolling-stock,
as the round trip of a truck to Cape
Town is from eighteen to twenty-four
days, against three to five days on the
Natal system.

The railway authorities admit having
ordered fifty 50-ton hopper, due this
month; 2,510 trucks suitable for coal

and general traffic; 500 cattle trucks,
500 small trucks for sheep, all suitable
for coal and general traffic; and 190 mi-
cellaneous trucks; total, 3,650. But al-
though approximately 700 of these will

and will further accentuate the position.

pers have paid £10,000 demurrage claims

SCOTTISH FOOTBALL.

(From Our Own Correspondent).

EDINBURGH, Sept. 30.

HURRY.

Last year the long unbeaten record of
Glasgow Academical was the envy of all
their rivals, but this season they have
already been compelled to go down before
Jed Forest. The reverse was not dis-
creditable, however, they only lost by a
successful place kick. R.H.S., as a matter
of course, over-run Kelvinside Academical,
who were a rather disjointed lot. Herio-
ponians seem to be perfecting the formation
of an effective open game, and gave a most
promising display against Melrose.

Demolition still figure as one of the two
unbeaten clubs in the League competition;
there is merit in a defence which has never
lost more than one goal in any fixture, and
in an attack which has scored on every
occasion. The fixtures are still un-
kind to Ayr United, the other new-comer
in the First Division. There was not more
than a goal between them and Hamilton
Academical; yet no fewer than four sepa-
rated them at the finish. Morton began
the season well, but they seem to have lost
grip; they only lost to Herio, however,
the last match of the game. Aberdeen's
victory over St. Mirren was their first
success this season. It was a hotly con-
tested game between Dundee and Queen's
Park, but the best team won.

MARKET REPORT.

Meats, James F. Hutton and Co.,

Ltd., Manchester, in their Weekly Mar-

ket Report, dated October 2, state:—

There has been some reaction in Cotton

figures this week as was only to be ex-

pected after the continued advance and

a minor tone has prevailed although this

has not extended any "decided in-

fluence on the position here. "Bearish"

works are just as much in evidence this

week as they were in the end of the last

week—they are not worth recording ex-

cept that which will in the end probably

prove to be the strongest point of all

which is the lack of demand—the fact

that the great importing macks are not

buying to anything like the extent they

have been doing for the past two or three

years is bound to be felt unless they

come into the market again and the

heavy stocks which are held in most

markets seem to be against any very con-

siderable business being done for some

time yet.

The last official condition report of the

season will be published to-day but too

late to be commented upon here, also

the spinning returns up to Sept. 25th,

and it is quite likely that these reports

will have a definite effect upon the mar-

ket, and it is hoped that the outlook will

be more certain—the unofficial condi-

tion reports published during the week

the most noteworthy is the "New York

Journal of Commerce" summary placing

the condition at \$7.1 and if the official

figures are about this, prices may reason-

TURBULENT MEXICO.

London, Oct. 24.
 General Felix Diaz is still at Vera Cruz, surrounded by a handful of his followers. Up to the present 17 arrests have been made in connection with his arrival.

A PUZZLING SITUATION.

Later.
 The situation regarding Mexico is puzzling. While it is denied in London that there is anything amounting to tension in America with regard to the question, telegrams from Washington continue to aver that the Administration is disappointed and upset by the British disinclination to follow America's lead respecting President Huerta. President Wilson and Mr. Bryan are unusually reticent, but officials at Washington are talking vaguely of impending drastic measures, including the declaration of the "hands-off" policy to Europe generally concerning Mexico.

PRESIDENT HUERTA'S "SOLEMN ASSURANCE."

Oct. 25.
 In a statement read in the presence of a number of Diplomats, President Huerta gave a solemn assurance that his sole desire is to establish peace and ensure a fair election. He is determined to protect American and other foreign residents, but the will of no foreigner, he declares, can be imposed on the republic except by force.

THE ZANZIBAR RUMOURS. NEGOTIATIONS PROCEEDING.

London, Oct. 24.
 In connection with the despatch from Zanzibar, the Daily Chronicle gives prominence to a telegram from its Special Commissioner in Germany, stating that negotiations are proceeding between Great Britain and Germany, which are largely concerned with Colonial developments, and are expected to reach a favourable conclusion.

REPORT DENIED.

Later.
 The report regarding Zanzibar is declared to be wholly untrue.

BIG FINANCIAL FAILURES IN BOMBAY.

London, Oct. 24.
 A pearl merchant at Bombay has failed, his liabilities amounting to the sum of 40 lakhs of rupees. A ghee merchant has also failed for three lakhs.

SEVERE EARTHQUAKE IN PANAMA.

London, Oct. 24.
 A telegram from Panama states that another severe earthquake was experienced over the whole of the Isthmus. The Canal zone, however, was not damaged.

THE WRECK OF THE "VESTKUSTEN."

London, Oct. 24.
 The sole survivor of the Finnish steamer Vestkusten, which, as reported in yesterday's "China Mail," struck a reef off Vasa and foundered, has been brought to Hernoe Sand. There were 25 passengers aboard and 20 crew. The survivor clung to the rigging with a number of firemen, who dropped off in the night.

DROUGHT STRICKEN DISTRICTS OF INDIA.

RELIEF FOR AGRICULTURISTS.

London, Oct. 24.
 A telegram from Simla states that distress having been forecasted in the drought-stricken districts in the United Provinces, 60 lakhs of rupees have already been advanced for the relief of agriculturists.

(Reuter's Service to the China Mail.)

BRITISH COLUMBIA AND HINDOO IMMIGRANTS.

London, Oct. 25.
 A telegram from Victoria, British Columbia, states that twenty four Calcutta Hindus who arrived from their native city have been ordered to be deported for non-compliance with a regulation under the immigration law which provides that the journey of such immigrants must be a continuous one from the land of their birth. The arrivals transhipped at Hongkong. The cases of fifteen others are under consideration by the Immigration Board. The Hindu population has addressed a protest to Ottawa.

ANOTHER COLLIERY EXPLOSION.

234 MEN ENTOMBED IN NEW MEXICO.

London, Oct. 24.
 A terrible explosion, states a New York telegram, has occurred at a colliery at Dawson, New Mexico, 234 men being entombed, of whom 22 have been rescued. Six bodies have up to the present been recovered.

HEAVY LOSS OF LIFE.

Later.
 A telegram from Dawson states that it is feared that 261 are dead.

THE RAILWAY COMMISSION.

WHAT DOES IT PORTEND?

London, Oct. 24.
 The appointment of the Railway Commission and the vagueness of its terms of reference is commented upon in the papers. It is stated that the appointment was a surprise to many Railway Directors.
 The papers are of opinion that the Nationalisation of Railways is contemplated. The Unionist Press asserts that the appointment of the Commission, together with the Land Campaign, is intended to divert attention from Ulster, and believe that the Government is afraid of the possibilities of an Ulster rising, and is contemplating an early election.

THE DUBLIN STRIKE.

A SIDE ISSUE.

London, Oct. 24.
 Crowds assembled on Dublin quays, including many priests, in anticipation of the departure of 50 children last evening. They sang "Faith of our Fathers" when the steamer left without taking the children, and raised cheers for the Archbishop.

Mrs. Montefiore, an English writer and a Socialist, who was chiefly responsible for providing homes for the children, has been arrested on a charge of the abduction of eighteen Dublin children. They have arrived in Liverpool, and were housed with Trade Unionists.

A later message says that the lady arrested at Kingstown is the daughter of an American Senator, Mr. Gage.

ULSTER AND HOME RULE.

London, Oct. 24.
 The Unionist papers give prominence to a letter from Lord Curzon, in which he describes himself as an inveterate Home Ruler, and wherein he pictures the situation in Ulster, from which he has just returned, as most grave. He says the Ulstermen are better armed and organised than is generally supposed, and are ready to meet defeat and death.

GENERAL ELECTION PENDING.

Mr. Ellis Davies, M.P., speaking at Perth, warned the Liberals to be in readiness, as an early election was possible.

INDIA AND THE ULSTER CAMPAIGN.

Lord Curzon, Secretary of State for India, speaking at Ipswich, said that despite a vast correspondence on the subject of Ulster he desired to guard the country against being misled into the belief that a new situation had arisen. He heard from authoritative sources that the effort upon India of the Ulster campaign was becoming a serious matter.

NEW SOLICITOR-GENERAL KNIGHTED.

London, Oct. 24.
 Mr. S. O. Buckmaster, the newly-appointed Solicitor-General, has received the honour of Knighthood.

VANCOUVER MINING TROUBLES.

ACCUSED SENTENCED.

London, Oct. 25.
 A telegram from Victoria (B.C.) states that five of the Vancouver miners implicated in the recent mining troubles have been sentenced to two years in the penitentiary; twenty-three to a year's imprisonment and fined £20; eleven to three months' and fined £10.
 The Judge said that this was the most painful duty he had ever performed; but they must recognise the interests of the whole community.
 The remainder of the accused, were remitted to a special Assize, to be held in December.

THE SIBERIAN MAIL.

FUKOV SERVICE RESUMED.

It is announced that from Thursday, the 25th instant, the British P.O. Office resumed the forwarding of mail matter (letters and post cards only) via the Tientsin-Peking Railway.
 There will be a mail each Thursday until further notice.
 This makes a distinct third mail to Europe weekly via Siberia, connecting as it does with an express from Harbin not connected with the Shanghai-Dairen route.

APPOINTMENTS GAZETTED.

His Excellency the Officer Administering the Government has, under instructions from the Secretary of State for the Colonies, been pleased to make the following appointments with effect from 28th August, 1913:—

 It is also notified that Mr. Alexander Edward Wrottesley Salt, M.A., has been elected a member of the Council of the University of Hongkong, and Dr. Francis William Clark and Professor Cudde Alford Middleton Smith have been re-elected members of the Council.

LANDLORD AND TENANT.

Claim for Rent.

Europeans' Dispute.

In the Summary Court this morning before the Police Judge, Mr. Justice Kemp, further evidence was taken in the action, commenced yesterday, in which Walter B. Lightburn, of 19, Wongsing Road, and Mr. and Mrs. G. Cummings, of 22, Kennedy Road, claiming the sum of \$28.50, for one month's rent of the ground floor of Wongsing Road from 1st to 30th September, and water account.

Mr. Davidson of Messrs. Hastings and Hastings, represented defendant.

Plaintiff's evidence was taken yesterday to be done.

Mrs. Lightburn, wife of the plaintiff, was the first witness called this morning. She produced the lease of the premises in question, and stated that she did not know that defendants were going to remove from their part of the house on September 15. After they had moved, a lady who stayed with Mrs. Cummings, tendered a half-month's money and said that the keys had been left in the doors.

Witness refused to accept the money and left the keys in the doors until October 1st, the doors remaining locked until that date. She had an inquiry for the rooms on October 20 but did not show the prospective tenants the rooms, as they lived in a similar house a few doors away. The rooms were colour-washed on November 1st and the new tenants moved in on the second or third.

Mrs. Cummings, one of the defendants, said she received from plaintiff on August 30 a notice to quit on or before October 1st. She understood by that that she had the option to leave on October 1st or before. After the receipt of the notice she and her husband did not speak to Mr. and Mrs. Lightburn. When she left on September 15 witness gave Mrs. Cummings the half-month's rent and key to take to Mrs. Lightburn.

Mrs. Cummings stated that she offered Mrs. Lightburn the front door key and half-month's rent on September 15; she accepted the key but not the rent. Witness handed Mrs. Lightburn a receipt and she signed it, but tore it up.

Upon Mr. Davidson's application the hearing was further adjourned till Monday at 2.30.

The R.G.A. Sergeants' Sports Club, held a whist drive and dance in the B.A. Theatre, Victoria, last night. There was a good attendance, thirty-two tables being occupied. During an interval in the dancing, which followed the drive, Master-Gunner May presented the prizes to—Ladies: 1st, Mrs. Pomeroy; 2nd, Mrs. Ackroyd; 3rd, Mrs. Murray; 4th, Mrs. Tuck; 5th, Mrs. Murphy;
